seend-class mall matter.

MONDAY, JULY 13, 1914.

The President proposes, but occasionally the Senate disposes.

Huerta is still tottering, and Carranza is still pottering around.

And it is rumored that among the "plucked" naval officers were some gay old birds.

Times never change in Georgia. Joe Brown is still running against Hoke Smith. Gen. Fred Funston seems to enjoy staying at Vera

Cruz, so why should anybody worry? Maybe the English suffragettes will get what they

want when they begin breaking up golf games. If prohibition does prohibit in Kansas, as William

Allen White claims, maybe that is what is the matter with Kansas. What doth it profit a man to discover a river it

sanitary commission, has just returned to Washingthe "ankylostomiasis," the technical name for the hookworm disease. It is to be hoped he didn't catch it.

President Wilson is to receive another delegation of business men this week, representing Kansas City interests, but he gives no sign of changing his antiprogram He is perfectly willing to listen to reason, if he is not expected to act on it.

Until the platform or prospectus of the National president, is made public, speculation as to whether

Defenders of the administration will soon be forced to accept its own figures, which shows that the Democratic tariff, like the one twenty years ago, has turned the balance of trade against us-that we are sending gore money abroad for what we buy than we receive brilliant ideas did not occur to the fledgling statesfor what we sell. Will they then proceed to argue that this is a wise, economic policy for the nation?

Following a series of mutinous outbreaks among B. Davis, New York's commissioner of correction, appeared personally on the scene and announced her intention of making her abode there until the riotous demonstrations ceased, order was promptly restored and the commissioner took her departure. Even these hardened criminals were instantly responsive to woman's gentle influence-at a distance.

The Secretary of Agriculture says: "The city has schools, good water, excellent lighting arrangements, proper health machinery, good roads and sidewalks, and other agencies that administer to the intellectual will receive the approval of the District Committee, and other agencies that administer to the intellectual will receive the approval of the District Committee, and other agencies that administer to the intellectual will receive the approval of the District Committee, and the second state of the second state o and other agencies that administer to the city has and social side of urban living," while the city has but the people of Washington should protest against so much in this and social side of urban living." while the city has but the people of Washington should protest against none of these things. He forgot to mention, too, that any attempt to deprive them of the meager representation of automobile. This problem of making country life District government in the persons of two resident is very evident that our farmers are letting no useful arose from the more attractive used to worry Col. Roosevelt a great Commissioners. deal when he was in the White House, and he appointed a commission to inquire into it : but with all the surpassing advantages of the big cities in the way of sidewalks and health machinery it is safe to say that their myriads of toilers would be glad to exchange death the wise and able counsel of Horace Harmon their lot for that of the agriculturists.
